Hi Matt,

Did the letter for Pebble Mine make it to your offices there?

Peg said she sent the docs to the RA's office for Pebble. Can you confirm.

Hello,

The CMS log and instruction log are now at my desk. Please provide a copy of the following letters as they arise:

overdue:

Pebble Mine                      due 7/7/10

**Non-Responsive**

These are the controlled correspondence that need to have closure electronically requested for them. In Amy's absence, Matt M. in the RAs office is looking into having these closed from the HQ side:

**Non-Responsive**

Bristol Bay

due 7/7/10

# Non-Responsive

In future weeks, this should become much easier to manage, as Pam has access to CMS. She is very efficient and wonderful - you'll love her. :)

Thanks for your patience.
